WHY CHOOSE ABODE?

Often referred to as rigid flooring or hybrid flooring, Abode is an evolution in hard flooring which has the visual appearance of timber, yet combines the best attributes of laminate and luxury vinyl.

Abode is quick and easy to install, with minimal to no subfloor preparation. It is exceptionally resistant to scuffs, scratches and stains, making it a perfect choice for those with busy households as it provides style and durability for everyday living.

BEFORE YOU BUY

Throughout this brochure you may notice a colour variation between the room and swatch images. Both are the best possible representation of that product within two different photographic environments. It is important to keep in mind that there are a number of variances in addition to lighting that may affect the way your hard flooring looks. This can include paint colour on walls, furniture and décor items that can alter the appearance of your floors.

HOW LIGHTING AFFECTS THE LOOK OF YOUR FLOOR

Flooring is one of the biggest surface areas in your home and a key design element to any interior. When selecting your hard flooring, colour plays just as much of an important role as price, style and quality.

It is important to take into consideration how your selected hard flooring may look once it is installed in your home as the lighting in the room will have a significant impact on the way the colour is perceived.

For example, hard flooring that is laid in a room that receives little to no natural light will appear drastically different to a room that has a lot of natural light coming in. It will also appear different as the light changes throughout the day and transitions from morning to night.

THE EFFECTS OF ARTIFICIAL LIGHTING

Natural sunlight is not the only lighting that has an impact on the colour of your hard flooring; the type of light fixtures you have in the room will also play a part in how the hard flooring will look in your room.

Indirect lighting, such as a wall bracket aims light toward ceilings or walls, whereas a lampshade or floor lamp has a wider spread of light, therefore the light displayed will rebound against walls and floor.

For the best representation, we recommend going into your local Choices Flooring store and request to take a sample of your desired colour home. In addition, take a sample that is a shade darker so you can compare the two shades in both natural and artificial light at various times throughout the day to ensure you are happy with the true colour of the product within your room.

The actual swatch appears most like the mid to dark sections of the room image.

Depending on the sheen and texture of the product, under natural light your flooring can appear drastically lighter.

Wall colour and furniture can appear to change the tone of your flooring due to colour reflection.

For more information, visit **choicesflooring.com** or speak with your sales consultant at your local Choices Flooring store.

ABODE CARE & MAINTENANCE GUIDE

Abode has been designed with low maintenance in mind, allowing you to spend more time doing the things you love. A key benefit of Abode flooring is how easy it is to clean, and with little maintenance, you can extend the life of your floor for years to come. The nature of the maintenance will depend on the amount and type of traffic in your home. A typical maintenance program for a standard home would be as follows:

INITIAL TREATMENT

Maintain a temperature controlled environment between 18°C – 28°C and do not wash your new floor for at least 24 hours after installation. Sweep with a broom or vacuum to remove any grit and dirt. This will avoid scratching your floor prior to implementing the recommended maintenance schedule.

REMOVING SCUFF MARKS

Scuff marks on surface areas are usually caused by dragging heavy items such as furniture or sliding shoes across the floor. These can be just wiped away with a damp cloth. If you are having difficulties removing scuff marks, add some eucalyptus oil to a damp cloth and wipe scuff marks to remove any residue.

WEEKLY CARE

Sweep daily or as often as required with a broom or vacuum to remove any grit or dirt. At least twice a month, mop the entire floor with a pH neutral cleaning product. The minimum amount of water/liquid should be used to prevent moisture from penetrating into joins. Check with your Choices Flooring sales consultant which cleaning product is most appropriate for your floor.

HOW IT'S MADE

① Multi-layer Quartz enhanced PUR coating

Superior resistance to everyday wear and tear, indents, scratches, and scuffs

② High-definition photographic layer

Super sharp images of the finest designs for an authentic look

③ New extra dense rigid solid core

This new hybrid core is stronger, more stable and waterproof

④ 5G® Locking system

Using a single action installation method, this 5G® locking mechanism allows installers to install quicker and more efficiently

⑤ Liteback® acoustic backing

For ultra comfortable, quieter places with reduced noise transfer between rooms

SPECIFICATIONS

Board dimensions: 1,830mm x 228mm

Pieces per carton: 6

Area per carton: 1.67m²

Wear layer: 0.5mm

Surface: Multi-layer Quartz enhanced PUR coating

Slip Resistance: P4

Thickness: 7mm

Swatch colour and room image can differ due to light conditions. Refer to page 2.

A harmonious blend of elegance and durability.

Inspired by the picturesque landscapes of old English masters, this collection combines the best of both worlds – the natural timber beauty found in lush forests and the resilience of modern technology.

IF YOUR ABODE PRODUCT FAILS TO PERFORM...

Your selected ABODE product is covered by one or more warranties as stated in the warranty information. For more information on the applicable warranties or guarantees on your selected flooring, please check with your local Choices Flooring consultant, or for more information visit the warranty section of the product on **www.choicesflooring.com**

VIEW WARRANTY
BROCHURE ONLINE

*Warranties and guarantees are provided by the manufacturer and are in addition to other rights and remedies of the consumer under a law in relation to the goods. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage.

You are also entitled to have the goods repaired or replaced if goods fail to be acceptable quality and the failure does not amount to a major failure. Variations in colour within the one reference can occur across all timber designs. Actual colour samples shown in this brochure may vary due to the printing process. View a true representation of the range at your local Choices Flooring store. All information is correct at the time of printing (August 2026).
